1918.

7

Report on the working of the Mysore Merchandise Marks Regulation in the Tumkur District for the year 1917-18.

During the year under report, 11 shops are reported to have been inspected by the Superintendent of Police, Tumkur at the trading centres Viz., 3 shops in Koratagere, 3 shops in Sira, one in Pavagada, one in Maddagiri, one in Tumkur and two in Tiptur and he examined 13 articles in all. The statement annexed gives the names of shops inspected by the Superintendent of Police. It is seen from the statement furnished that lengths and breadths of the cloths were in some instances, in excess of the measurements marked on the pieces while in certain other cases they were less than the measurements marked.

The Superintendent of Police again urges the necessity for lodging a standard yard measure in all Taluk Head-quarters with Government stamp for the use of Inspecting Officers and that all the merchants be compelled to use only the standard yard with the Government stamp thereon and that a supply of the same may be made available for sale in all the Taluk Treasuries in the District.

It is also reported by the Superintendent that during his inspection of cloth shops full pieces of cloth were not available, the merchants having sold portions of them. He therefore suggests that some full pieces might be caused to be examined by the Municipalities concerned while levying Octroi duty on them.

It is desirable that sufficient quantity of standard yard measures &c., should be supplied to all the Taluks for the ~~sale~~ use of merchants and Inspecting Officers.

No prosecutions were launched against any individuals during the year of report.

District Magistrate,
Tumkur District.

---oOo---

There were no offences under the Regulation reported during the year and no prosecutions were instituted.

In the Mysore City the piece goods are generally examined by the Municipal Officials when levying Octroi duty on them. In the several Taluks the Vice Presidents of Minor Municipalities adopted the same procedure besides examining the goods in some shops. No infringement of the rules is reported.

A statement showing particulars of goods examined is also enclosed.

SUBJECT.

Forwarding a copy of the report on the working of Merchandise Marks Regulation. etc.

Report No. 250 dated the 29th September 1918 from the District Superintendent of Police, Hassan, to the District Magistrate, Hassan.

I have the honor to submit herewith report on the working of the Merchandise Marks Regulation No. I of 1892 and the Rules framed thereunder for the official year 1917-18.

The enclosed statement shows the result of examina-tion of piece goods (imported) in shops in this District.

It will be seen therefrom that as many as 40 shops were inspected during the year under report andthe excess and shortage observed between the actual and the registered measurements ranged from 9 to 27 inches and 12 to 36 inches respectively.

The Amildar Magistrate of Channarayapatna and Arkalgud seems to have taken no action under the Regulation though the varieties found were appreciable.

No cases were reported and no prosecutions were instituted under this Regulation during the year 1917-18.

To

C.S.Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of His Highness
the Maharaja of Mysore, Bangalore.

Sir,

I have the honor to submit a report on the working of the merchandise marks regulation and the rules framed thereunder in the Bangalore District during the year 1917-18.

2. The appended statement shows in a comparative form, the number of shops inspected and the piece goods examined during the year under report as against that of the previous year. It will be seen that except the Amildar Magistrate of Bangalore Taluk and the Sub-Division Magistrate of Dodballapur Sub-Division, all the others have conducted the inspection of goods in shops. The Amildar of Bangalore has not made any inspection in the Bangalore City on the ground that he has no jurisdiction and that the City Magistrate conducts it. Last year too he made the same representation but he was directed to inspect shops, in the Taluk proper and submit reports. This he has not done in the year under report. However the Magistrates who have not conducted the inspections will be strictly directed to inspect and submit reports in future, regularly.

3. Except in some cases of longer and shorter lengths noticed by the Inspecting officers the dimensions of the goods tallied with the trade description in all other cases. The attention of the City -- Magistrate of Bangalore and the Amildar Magistrates of Hoskote, Magadi, Kankanhalli, Chennapatna and the 1st class Magistrate of Closepet Sub-Division, who have reported that in some cases the described length has been shorter or longer than the actual length by a few yards and inches
